EXAMINER'S AMENDMENT

1. The complete set of claims submitted by the applicant on 6/20/05 indicated that claim 1 was amended. However this was an error as this amendment to claim 1 was previously entered in the response filed on 3/1/05. Claim 1 was **not** amended in the current response filed on 6/20/05. The following examiner's amendment is to correct the status of claim 1.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: please correct the status identifier of claim 1 from "(currently amended)" to (previously presented).

Please delete the underlining markings in lines 9-10, 15, 17-18 of claim 1.

3. Claims 1-14 and 16-26 are allowed.

wavelength of exposing radiation and n is the refractive index of the BARC composition). See applicant's remarks filed 6/20/05, p.7-10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
